A **Full Thermal Break** is used in the tongue-and-groove construction of all 9000 series doors. This rigid vinyl extrusion seals the joints and eliminates metal-to-metal contact, which limits the transfer of temperature.

9200 series doors include **Air Infiltration Seals**, which exceed the ASHRAE 90.1 Standard when installed with standard bottom seal and commonly available rigid/flexible vinyl door stop.

Enjoy the handcrafted quality and rich traditional carriage house style without the maintenance of wood. The American Tradition™ 9000 Series doors contain environmentally compliant polyurethane insulation with a 0.081 or 0.096 tested U-Factor. They are available in ten solid and five wood grain colors, with an option to mix and match any combination. *(examples: almond boards on a sandstone door or carbon black boards on an american walnut door)*

Solid Base & Overlay Colors

Polar White

Almond

Sahara Tan

Sandstone

Bronze

Espresso

Brown

Gray

Charcoal

Carbon Black*

9621 in charcoal with ash overlays, 3-pane windows

9252 in american walnut with arch 8-pane windows

9631 in almond with single arch 6-pane windows

Wood Grain Base & Overlay Colors

Mahogany

Ash

American Walnut

English Oak

Graywood

Color Notes: Wood grain overlays are handcrafted and can vary slightly in color like real wood.

*Carbon Black includes a cool chemistry paint finish but is not recommended for projects with extreme exposures to heat and sunlight.

Due to the printing process, colors may vary. For an accurate color match, contact your Haas Door dealer.
